Have any of you noticed that the same names seem to show up year after year as Bull Buyers?

Many of our customers have been buying their bull genetics from Spitzer Ranch for 10, 15, 20 years and even more. We ask you to please go to www.SpitzerRanchBrangus.com, YOUR FUTURE PAGE. There you can read comments from just a handful of our customers as to what our genetics and our program mean to them.

Isn't it time to put a Spitzer Ranch Brangus or Ultrablack bull with your cow herd? Or remember the outstanding calves produced from bulls you purchased in the past. Even better if you kept their female offspring, they sired some of the best mother cows in your cow herd! The genetics our bulls provide are even better today
